

POWDER SHAKER + OVEN

Ai1-620 PRO

The **Ai1-620 PRO** powder shaker and oven is compatible with a wide range of DTF printers including the **Mimaki TxF150-75**.

The powder shaker is suitable for rolls up to 600mm in width and ensures an even distribution of powder across the film. The powder control system means reduced waste along with drawers to catch excess powder for recycling.

The integrated filter system means no external extraction is required.

Features:

Integrated filter means no need for external extraction unit

Belt feed system

1 Year Warranty
